

I am writing on behalf of K-Love radio. I am a K-love listener and love hearing the uplifting music during the night and day. The people in our community love to hear the music and message that is supported by K-Love. It promotes family values and is an encouragement to all that listen to the station. There are sadly very few radio choices with a focus such as K-Love. To have the station possibly be taken off the air would be a detriment to our ears and hearts. My children, friends and co-workers all enjoy and support K-Love. It promotes a message of hope, joy and love to the community. One that would leave a huge hole if lost. Thank you for taking this into consideration. Have a wonderful day!

Sincerely,

Janna Everroad
